

WHAT IS AN EAC

EACs are officially constituted municipal boards created to advise local governments on environmental issues and policies.

RESPONSIBILITIES INCLUDE:

- Identifying environmental problems and recommending remedies
- Inventorying open spaces and natural features and recommending best uses and management practices
- Formulating and promoting programs for the promotion and conservation of natural resources and environmental quality
- Identifying funding sources to protect and study natural resources and environmental quality and develop proposals to obtain funding
- Recommending uses of open space and advising Council on acquisition of additional open space
- Commenting on applications for subdivision, variance or conditional use when requested to do so by Council or the Planning Commission
- Helping homeowners and other residents understand the impact of their decisions on the environment and the larger community

THE ROSE VALLEY ENVIRONMENTAL ADVISORY COUNCIL

YOUR LOCAL EAC

WHO IS PART OF THE EAC

The RV EAC is a group of seven community residents appointed by Borough Council to advise officials and educate citizens about the protection, conservation, management, promotion and use of natural resources. The RV EAC was established in 2008 by Rose Valley Ordinance 325, Chaired by Dr. Roger Latham since its inception. We welcome unlimited associate members – join us!

WHY WE DO WHAT WE DO

We care about the conservation and preservation of our local environment. We take action so that Rose Valley may remain beautiful, enjoyable and ecologically healthy for generations to come.

OUR PROJECTS

- Stewardship of the Saul Wildlife Sanctuary, Long Point Wildlife Sanctuary and Todmorden Woods
- Wetland restoration
- Invasive plants / native planting workshops
- Native plant sales
- Deer management
- Open space planning
- Recycling
- Eagle Scout project support
- Grants for trails, native plants and streambank restoration

WAYS TO GET INVOLVED

We invite you to take action with us to better our community and our environment. Participate in our projects. Approach us with an initiative. Join us for conversation, planning and fun the 4th Tuesday of every month at 7:30PM, Borough Office, 9 Old Mill Lane (confirm meeting: mgagliar@temple.edu). We look forward to meeting you!
